HISTORY OF HILLSBORO HIGH SCHOOL

The history of secondary education in the community, however, goes back much farther than the building described above. In 1834, a meeting concerning building with wings called the "Academy" was erected. To this school went many of the pioneers as the people were living around present Hillsboro. This building was used until the early "eighties" when it was deemed inadequate to meet the needs of the school, as many outside students from other sections were coming in. A larger frame building was erected on the corner of the two main streets. The teachers at the Academy were the persons of the times, and included relatives of Pearl S. Buck.

Hillsboro High School continued to grow after 1912 and exceeded beyond expectations. After turning the crowded over, the Board of Education purchased adjacent land and erected a new graded school building in 1922 consisting of eight large classrooms and a four hundred fifty seat auditorium. The students of the elementary school and the high school were separated with the first eight grades occupying the new grade building. The A-B plan continued until 1929. At this time, the seventh and eighth grades were included with the four high school grades in a 4-6 plan, which continues at the present time.

The McNeel gymnasium was erected in 1918 and was dedicated in 1939 during the last basketball game with Hillsboro playing Green Bank. Dr. Winters McNeel, for whom the gymnasium was named, was the community physician and served on the Poudre Valley Board of Education. Mr. Frank Johnson was principal at this time. He served the high school from 1924 to 1945 and was responsible for planting most of the trees and shrubbery which have beautified the grounds.

The Vocational Agriculture program was re-established at the school in 1949. The building to house the department was completed in September, 1951.

The Hillsboro Band was organized in 1953 and has been under the direction of Mrs. Francis Eickelberg since 1955.

Hillsboro High School's library contains approximately 3,500 books geared to meet the student's needs. Books, maps, filmstrips, transparencies, and magazines are available to both instructor and student. The Pearl Buck shelf contains all of her books available, including the tapes.

Athletics have always played an important part in the school. Several graduates have won recognition on the college level. Charley Hill set a record with the shot putt at West Virginia University. Alex McLoughlin became one of the state's best coaches. Sam Bartholomew played football at the University of Tennessee when they were considered national champion and played in the Rose Bowl in senior year.

The Hillsboro Alumni Association keeps active and accurate records of the graduates. Many of them have had distinguished careers in many lines of endeavor. The annual spring meeting of the association is often attended by as many as 200.

Mr. Charles Mower, Principal of Hillsboro High School from 1951 to the present date, has summarized the endeavor of the school in a recent yearbook in these words:

"When I consider that the graduates of Hillsboro High School will go into the world and possibly attempt to correct some of the evils constituting our modern civilization, it is my earnest hope that the education they have received here will help them to think and to judge carefully, objectively, inclusively, and reliably."

1970 Red Devil

Dedicated to
Charles Mount, Principal
Marshall University
A.M., M.A.
University of
Virginia
W. Va. State
Edu. Admin

June 1970 brings to a close fifty-seven years of secondary education at Hillsboro High School. I have been associated with the school for the past twenty-three years, sixteen as principal of the high school. What wonderful experiences these years have held for me! Wonderful because I have had the opportunity to work with hundreds of children and people from all walks of life. I do not know what there is about the farms, hills, and mountains of Letcher County District, but they produce some of the finest children in the world. Working with them has been a privilege for me.

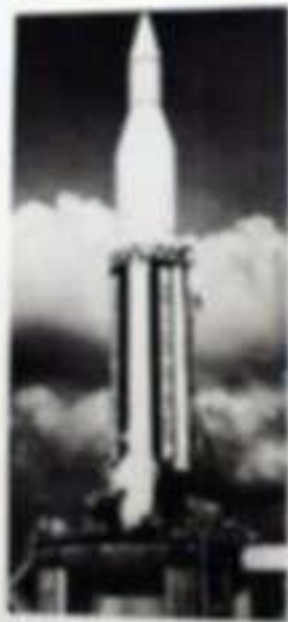

Three years have been exciting and sometimes heart-breaking. It is my hope that I have helped to ease an ache or a pain, or have encouraged a teacher, or smiled at a child at the right time, so that no child can say, "He failed me", but rather, "He cared".

I appreciate the cooperation, patience, and understanding that teachers, superintendents, and school board members have had for me, and the self-examinations that parents have caused me to undergo.

One thing I have learned about school administration: place a child in the center of your thinking, sincerely and honestly, and you won't go wrong. You may go overboard occasionally, but never very far nor for very long.

I have no fear of tomorrow, for I believe there is a new light, a new vision, and a renewed emphasis for a better education on all levels of learning in our country. Our teachers are better prepared and certainly more knowledgeable than when I began to teach in 1938. The new revitalized high school will be able to offer a curriculum better geared to the needs of our modern society; therefore, our children from the Hillsboro school community will continue, as they have in the past, to become useful and distinguished citizens of that society.
